

Homework Schedule & Submission Guide

How to submit

1. Every member has their own **private Google Drive folder**, shared with just you and Maria. Your folder link is in your welcome email — bookmark it there.
2. Name each file: **Week 01 - Business Concept** (use the week number and deliverable name from the table below — zero-padded so files sort correctly).
3. **Homework is due every Wednesday by 11:59 p.m.**, ahead of that Saturday's session — this gives Maria time to review before you meet.
4. Longer gaps between sessions (the Nov 7 skip, the Dec–Jan holiday break) just mean more time to work — the Wednesday-before-the-next-session rule always applies.
